CLASS DESCRIPTION

God has one plan that hits directly at the root problem of humanity. So the entire Bible becomes a blueprint for God's solution to our problem. At the very beginning of the book, we find the Creator setting the stage for the New Creation, then laying down the terms of the Gospel to Abraham who knew about the great Heir to come, and Moses delivering God's people from Egypt shows how our Savior will save his people from their sin and death, and David works out his 5-point plan for the Kingdom to serve as the master-plan in the work of the Son of David ... these and many more themes are worked out, expanded and fulfilled throughout the Old and New Testaments.
